the cup yachts, the Reliance and Co-lumbia, left their moorings shortly after 10 o'clock this morning, the Realter 10 octock this morning, the Re-liance from New Rochelle, and the Co-lumbia from Glen Cove. As the Reli-ance was bound for Bristol to get a new suit of sails and to be refitted, it was evidently the purpose of the Co-lumbia to sail in company with her to Bristol. The wind was very light.

SHAMROCK III STAYED STILL GOUROCK (Scotland.) May 8.—The weather today was well-suited for racing, but the Shamrock remined at her moorings, her owner and skipper probably being influenced by the recollection that the cup challenger met with a disaster on a Friday. Later in the afternoon, Capt. Wringe, anxious to give the challenger's sails a stretching before tomorrow's set race, started out with her alone. The new sails stood the strain admirably, and showed no signs of weakness.

Cal., before an audience of about 3000 people tonight, knocked out "Kid" Fredericks of Buffalo man fact that the mill did the Buffalo man have a chance, and he was almost helpless against the peculiar guard of the Mexican who doubled up like a turtle, receiving Frederick's blows on his shoulders and arms. Fredericks was the aggressor throughout the first two rounds, repeatedly rushing Herrera and making futile attempts to batter down the impregnable guard of the dark-skinned fighter.

The end came after the third round had opened. Fredericks grew wild in PUTS PREDERICKS OUT.

The end came after the third round had opened. Fredericks grew wild in his desperate attempts to get at Herrers, and during a mix-up the Mexican caught the Buffalo man with a left uppercut on the jaw, and the "Kid" went down for the count. When he regained his feet, Herrera uppercut Fredericks with the right, sending him to the floor again. Fredericks came up again very groggy, and under a right, left and right again to the jaw, he went down and out.

PANCHER'S HOLIDAY

TOWN DAILEY OF BURBANK IN A CARRIAGE ACCIDENT.

He and His Family Thrown from Sur rey Drawn by Spirited Horses-Lost Much Cuticle and Received Severe Bruises-Others Injured.

"President's Day" turned out rather parades. He will go home today in bandages, as will also his sons John,

forces permanently in a strike are fully conding to the Associated Shortly after 7 o'clock last evening Dailey was driving his family conding to the Associated Dailey was driving his family home in a surrey drawn by two spirited horses. He was driving north on Buena Vista street in the vicinity of the Eaker Iron Works, when the headlights of two approaching electric cars, bound south, frightened the team into running away. Dailey, his three soms, h's daughter and a neighbor's boy named Ciarence Williams, aged 14, were thrown to the street three of the party heigh dragged.

a neighbor's boy named Calculate liams, aged 14, were thrown to the street, three of the party being dragged by the overturned surrey. The others were not injured. Dailey plucklify regained his feet and ran after the runaway team. Half a block away the dragging lines aught around a telegraph pole. The horses were thrown, and Dailey, though badly cut up and bruised, stood by until help came.

Dailey and his two injured sons were brought to the Receiving Hospital, where their wounds were dressed. John Dailey had three bad lacerations over the left eye and six under the right eye; the skin was scraped from pretty much the whole of his face, and he had a contusion of the right arm and the flesh scraped from his left wrist. His son John had both bones of his left forearm broken and a bad contusion of the left knee. The boy Chester had his face nastly scraped.

Ben Bright Reports that He Was Robbed of Nearly Three Hundred Dollars

on the Street.

Ben Bright, aged 18, who says he is a machinist employed at the Los Angeles Pressed Brick—Company's works, complained to the police last night that he had been robbed of \$273 by a young fellow whom he says he knows by face but not by name.

According to Bright's story, he was carrying the \$273 in an old pocketbook, slipped inside of two cut-off socks, in his hip pocket. He walked down Spring street into Thind, after the electrical parade, and there loitered. He presently felt a pulling at the had been robbed of his treasure. Turning 'round he saw four young men, one of whom dropped Bright's sack to the pavement, then quickly picked it up and thrust it in his pocket.

Bright accused the fellow of the theft, and received a pair of siaps in the face. In the brief scrimmage that followed between Bright and the four youths the thief got away.

BOSTON DRY GOODS STORE

239 South Broadway, Opp. City Hall, Los Angeles.

We show a host of new goods for summer wear-the showing is a brilliant one, and is everchanging as new fabrics, new patterns, new colorings are brought forward to take the place of the advance numbers which are already disappearing—the prices are conspicuously low.

New Wash Goods

Vestings

There is nothing an deservedly popular and up-to-date as a heavy shirt waist, and there is no material so appropriate for this garment as Vesting. We are showing it in all white, white with blue, black, tan and green, 27 to 36 inches wide, and ranging is price from 50c to \$2.00 the yard.

White Pique

Chafing Dishes

For a hurried lunch, or after-theater supper, nothing can be found that will be more conven-ient. They can be had in

Brass, Nickel or Copper,

and cost \$2 to \$10 each.

The hunter after goods of excellent value for little money is requested to examine this popular low-priced material. It is delightfully ap-propriate for beach and mountain suits, comes in various shades, is light in weight and decidedly dur-able. Jt is 50 inches wide and only 25c the yard.

Duchesse Dimity

The white 'walking skirt' is the correct thing for morning wear, and at the seaside there is no material so much used as white pique. We are prepared to show you one of the most extensive lines of white weits and it will pay you to inspect this line. They are from 27 to 36 inches wide, and range from 15c to \$1,00 the yard.

Among the many sheer dress fabrics there is none that has been so generally admired as the Dnchesse Dimity. We are showing it in so that they are showing it in both stripes and figure designs. For cool, summery gowns, waist; and dressing sacques it has no equal. 30 inches wide, price 15c the yard.

Petticoat Sale

Yesterday we closed at noon, which allowed only ha'l a day for selling the Silk and Cotton Skirts which went on special sale Frie day morning. Therefore the special selling is continued today, and you will find a very complete assortment to select from. All prices from 75c to 813 00, and every one of them is worth i more than the special sale price.

Parade Through the City is to be Given at Noon Today—Price Pights for May Called Off by Century Club.

The long-talked-of automobile and bicycle races that have aroused such interest in local cycling circles in the past month, will be held today and tomorrow at Agricultural Park, beginning at 2 o'clock. This afternoon there will be a parade of power machines, which will form at the Plaza. The procession will then start down Main street to First street, to Broadway, to Tenth, to Main, north to Second street, then to Spring and down Spring to Main street and on to Agricultural Park. The machines will assemble at the Plaza at 11:46 o'clock this morning and the parade will start at noon.

Governor

Writea to a friend from Charleston, under date of Sept. 8th, 1902, saying, "Thave used a number of bottles of KODOL and have found it to be a very effective and, indeed, a very powerful remedy for stomach troubles. I do not hesitate to recommend it to all persons who have weak digestive organs."

Indigestion is mainly due to a lack of some of the elements which constitute natural digestive juices. Kodol Dyspepsia Cure supplies these, and reduces the food to a condition required for transforming it into living tissues. Kodol is unlike all other remedies in that is combines both digestive and tonic properties. Its use enables the stomach and digestive organs to digest, assimilate and transform all of the nourishment contained in all of the wholesome food that may be eaten, into the kind of blood that makes bone, sinew, tissue, muscle, health and strength.

KODOL DYSPEPSIA CURE

If the stomach is disordered Kodol will correct it, and if diseased Kodol will cure it. This famous remedy lays the foundation for health and the upbuilding of strength by cleansing, purifying, sweetening and strengthening the glands and membranes of the stomach, and by supplying the natural juices necessary to perfect digestion, assimilation and nutrition.

Dr. Hayes, of Washington, D. C.,

Writes an autograph letter to one of his professional friends, saying: "In a number of chronic cases, after exhausting the materia medica for even palliative measures, with negative results, I have prescribed Kodol with marked and increasing benefit, from the first dose until the stomach's disability has been permanently relieved. My experience in a general and hospital practice dates from 1872, and I am positive that of all the digestants prescribed in those thirty years, none in my hands has proven so thoroughly effective as Kodol."

Kodol Digests what You Eat.

Belching of gas, sour stomach, fullness after eating, and all the symptoms of Indigestion are relieved by the use of Kodol.

Kodol gives health to the sick and strength to the weak.

Rupture Cured

Los Angeles, April 27th, 1903.

I wish to state that I have been ruptured for nine (9) years, and have been advised by the doctors in the East to undergo an operation. I came to Los Angeles two years ago. I was recommended to Prof. Joseph Fandrey, 642 South Main street, our city, through a well-known and prominent doctor friend of mine. I used the surgical appliance which Prof. Fandrey sold me, willout operation, injection or medicine of any kind, and have now no more use for trusses or handages of any kind. I was cured in a short time, I can safely say that I haven't lost one day's work, being on my feet from 7 a. m. until 7 p. m., as a barber by trade, under the Natick Hotel, and to my astonishment I am the thirteenth neighbor on one square block cured of rupture by using the surgical appliances dealt in by Prof. Fandrey. Anyone wishing to investigate further may do so by calling at my residence, 136 West Sixteenth street, city or at the barber shop under the Natick Hotel, on First street.

(Signed)

J. JACOBSON.

Rupture Cured

Pasadena, April 17th, 1903.

I see by our Pasadena paper that Prof. Joseph Fandrey's surgical appliances sold by him at 642 S. Main street, Los Angeles, are still performing cures after cures. I have been suffering with a severe case of rupture and had heard of others who had been cured. I then bought one of his appliances and was pronounced cured in three months; my testimonial was published six months ago. Today I repeat again that I am just as well and sound as if I had ne. ; been ruptured, and have no use for any bandage of any kind. I am a man of 69 years old and do hard work, but I must confess that I feel 20 years younger by being cured of rupture. I am an old citizen, and well known in Pasadena. I would advise any rupture sufferers to do as I have done. Go to Prof. Joseph Fandrey, buy one of his trusses and it will cure you of rupture without injection, operation or detention from business; Relief and comitont you will have at once, and anyone following his instructions can be free from rupture, the same as I am. Anyone wishing to investigate further can do so by calling at the public library in Pasadena or at my private residence, No. 23. N. Vernon Avenue, Pasadena, Cal.

RUPTURE CURED

Los Angeles, Cal., March 26, 1903.

TO WHOM IT MAY CONCERN For over there years I have been suffering from a rupture which caused he almost constant pc.in while on my feet. I have tried a number of trusses, some of which have been fitted by physicians, but none of them seemed to be of much benefit.

Having learned through the city papers of the wonderful cures effected by Prof. Fandrey's surgical appliances, I called upon him at No. 642 South Main street, Los Angeles. After four months' use of his appliances I am thoroughly cured and have no further use for a truss or bandage. The Professor's appliances relieved me from pain and inconvenience. I did not lose any time from my regular work while I used them. No injection or any other internal application was made. I will gladly give further information to any sufferer who will call at my home, after 7 p. m., No. 1050 Orange street. (Signed)

J. C. HAPPERSETT.

NOTE:—The foregoing testimon ials are a few of hundreds of others in the possession of Prof. Joseph Fandrey, voluntarily given by prominent and well-known citizens who have been cured of rupture by using Prof. Joseph Fandrey's own patented surgical appliances, without medicine, operation, injection or detention from business, No magnetism, electricity or medicine prescribed or used. The United States Government under its Great Seal has issued Letters Patent covering my world renowned inventions, and this is the only certificate of high standing and reliability Prof. Joseph Fandrey requires. Prof Fandrey has been eight years in Los Angeles, manufacturing, dealing in and reliing his famous inventions, known and used the world over, by the crowned heads of European momarchies and the uncrowned capitains of America's great industries. Prof. Fandrey's surgical appliances, without the use of dangerous drugs, noatrums or medicines, without prescriptions of physicians or operations of surgeons, or use of magnetism or electricity, alone are sold and dealt in by him.

No branch stores. My goods are sold only by myself.

PROF. JOSEPH FANDREY, 642 South Main St., Los Angeles, Cal.

Why is it that in the face of hundreds of testimonials like the foregoing, and not withmanding the swarn statements of reliable and honest men and neighbors, that certain parties seek to limit the userumess of Prof. Fa ndwy?

Does success begot jesiousny by those wino, for hundreds of dollars received from suffering humanity, cannot show even one testimonial, where Prof. Fandrey has hundreds?

Do the hundredven unstarts whose trunks have scarcely been unpacked, hope to drive out of business a man who for ERGHT years in Los Angeles and ELEVEN years and careing none?

No. The public will judge and investigation prove that Prof. Fandrey rightfully claims be the siling his fanous inventions to cure the affixed-blessing all the best greatest living ruginure specialist, and his work speaks louder than words. Some of those whose cures made gain them the reputation, standing and weath more affected those whose whose cures made gain them the reputation, standing and weath these travelina gentlemen (ain would have.

First-clears physicians do not oppose Prof. Fandrey. Why? Hecause he can produce prof. elected invention, as and of the highest standing in Los Angeles, by the workings of carented invention.

First-clears physicians do not oppose Prof. Fandrey at deserved success, me who appreciate will and worth, and are humanical the professional physicians of the highest standing in Los Angeles, by the workings of the cause of humanity, saving in the future as in the part whill continue to labor in the cause of humanity, saving in the future as in the part whill continue to labor in the cause of humanity, saving in the future as in the part whill continue to labor in the cause of humanity, saving in the future as in the part whill continue to labor in the cause of humanity, saving in the future as in the part whill continue to labor in the cause of humanity, saving in the future as in the part whill continue to labor in the cause of humanity as a saving in the future as in the part whill continue to labor in the cause of LOS AMORES EXCHANGE INING DROKERS

School Girls

Young girls at

this period of life,

or their mothers,

are earnestly invited to write Mrs.

Pinkham for advice; all such letters are strictly confidential; she has guided in a

motherly way hundreds of young women;

and her advice is freely and cheerfully given.

School days are danger days for American girls.

Often physical collapse follows, and it takes years to recover the lost vitality. Sometimes it is never recovered.

Perhaps they are not over-careful about keeping their feet dry; through carelessness in this respect the monthly sickness is usually rendered very severe.

Then begin aliments which should be removed at once, or they will produce constant suffering. Headache, faintness, slight vertigo, pains in the back and loins, irregularity, loss of sleep and appetite, a tendency to avoid the society of others, are symptoms all indicating that woman's arch-enemy is at hand.

Lydia E. Pinkham's Vegetable Compound has helped many a young girl over this critical period. With it they have gone through their trials with courage and safety. With its proper use the young girl is safe from the peculiar dangers of school years and prepared for hearty womanhood.

A Young Chicago Girl "Studied Too Hard."

A Young Chicago Girl "Studied Too Hard."

"Dear Mrs. Pinkham:— I wish to thank you for the help and benefit I have received through the use of Lydia E. Pinkham's Vegetable Compound and Liver Pills. When I was about seventeen years old I suddenly seemed to lose my usual good health and vitality. Father said I studied too hard, but the doctor thought different and prescribed tonics, which I took by the quart without relief. Reading one day in the paper of Mrs. Pinkham's great cures, and finding the symptoms described answered mine, I decided I would give Lydia E. Pinkham's Vegetable Compound a trial. I did not say a word to the doctor; I bought it myself, and took it according to directions regularly for two months, and I found that I gradually improved, and that all pains left me, and I was my old self once more.—Lilie E. Sinclair, 17 E. 22d St., Chicago Ill."

"I'llss Pratt Unable to Attend School."

DEAR MRS. PINKHAM:—I feel it my duty to tell all young women how much Lydia E. Pinkham's wonderful Vegetable Compound has done for me. I was completely run down, unable to attend school, and did not care for any kind of society, but now I feel like a new person, and have gained seven pounds of flesh in three months.

"I recommend it to all young women who suffer from female weakness."—Miss Alma Pratt, Holly, Mich.

Lydia E. Pinkham's Vegetable Compound is the one sure rem-edy to be relied upon at this important period in a young girl's life.

JAPANESE GUN AFFAIR.

S. Takamura was placed on trial today in the Superior Court on a charge of assault with intent to murder S. Shigeta, proprietor of a Japanese-restaurant on Third street, where Takamura was employed as a dishwasher. The trouble is said to have been caused by Takamura's infatuation for Ehigeta's wife. His advances fid not meet with the little woman's favor, so one day Takamura, it is alleged, entered the Shigetas' room above the restaurant, drew his gun and threatened to kill them both. Shigeta was shot in the side, but was not seriously injured.
